THE STEEL SHOP **Answers customer demands for turnkey industrial steel design and fabrication**

New division of Delta Industrial controls all aspects of the construction process from the anchor bolts on up.

Chesterfield, MI. – Delta Industrial, a recognized leader in industrial and commercial concrete construction, introduces its main steel fabricator and supplier, The Steel Shop.

The Steel Shop maintains an in-house staff of Engineers, CAD Designers, Certified Welders and a fully staffed and equipped fabrication shop that includes steel shears, press brakes, pipe benders and more. With over 50 years of combined expertise in steel fabrication, The Steel Shop offers re-steel and re-steel packages, and has a vast catalog of items that can be fabricated to meet the specific needs of our clients.

Some of our commonly fabricated items include:

- | | | |
|----------------|--------------|---------------------|
| Bolt Canisters | Bolt Frames | Mechanical Trenches |
| Sump Boxes | Bollards | Door Jambs |
| Brackets | Scrap Chutes | Plating |

Large Scale Projects include:

- | | | |
|------------|-------------------|--------------------------|
| Mezzanines | Stairways | Handrails |
| Ladders | Canopy Structures | Crane Support Structures |

The Steel Shop has worked with local and non-local companies in the design and fabrication of projects ranging from simple ladders to complete building expansions and roof raises. With the recent addition of an Alabama and a Kentucky office, The Steel Shop is ready to serve clients with continuity and efficiency regardless of where new business expansions might take them. The Steel Shop looks forward to assisting you with your steel and steel fabrication needs, from start to finish. To obtain additional information on The Steel Shop and view recently completed projects, visit the company's website at www.thesteelshop.net.
