

World-Class manufacturing relies on Delta Industrial for complete industrial contracting solutions over and over again.

See Howell MI

Howell, Michigan — Delta Industrial provided the design for a Simpact press foundation, and shoring system. Timely installation of the press foundation with heavy shoring, dewatering, waterproofing, and tie-in. Added extension of the existing scrap tunnel with structural tunnel top, tie-rod sumps, bolster foundations, destacker and uncoiler foundations. Delta Industrial furnished and installed embedded steel, utility trenches, slab on grade, and press plating. Another complete, industrial, design, build, contracting solution.

About Delta Industrial:

Delta Industrial is a “design-build” specialist, offering a variety of professional contracting services, including machine foundations, press pit foundations, slitting line foundations, general building maintenance & construction, concrete flatwork and steel fabrication & construction. With the diversity of construction knowledge that Delta brings to the job site, it quite simply GUARANTEES success in all facets of the project, regardless of the scope of work. From concept through design to finished product, Delta provides in-house services to accommodate all of your industrial contracting needs.
