

Global OEM chooses Delta Industrial for advance, concrete and steel design.

Athens, Tennessee — Delta Industrial provided the design and installation of a 2200T Eagle Press foundation and a light and heavy shoring system. Scope of work included installing slab on grade, bearing piles, and bolster foundations. This project also included furnishing and installing embedded steel, utility trenches, two steel stairways, press mezzanine, and press plating. Another Delta Industrial complete, industrial, design, build, contracting solution.

About Delta Industrial:

Delta Industrial is a “design-build” specialist, offering a variety of professional contracting services, including machine foundations, press pit foundations, slitting line foundations, general building maintenance & construction, concrete flatwork and steel fabrication & construction. With the diversity of construction knowledge that Delta brings to the job site, it quite simply GUARANTEES success in all facets of the project, regardless of the scope of work. From concept through design to finished product, Delta provides in-house services to accommodate all of your industrial contracting needs.
