

Delta Industrial and Tier One Automotive Suppliers share robust relationships, year after year.

North Vernon, IN — Delta Industrial was awarded the contract for the installation of a Fagor press pit. Delta provided design for the press foundation with the scope of work that included open cut excavation, waterproofing, tie-in, and extension of the existing scrap tunnel with structural tunnel top, tie-rod sumps, bolster foundations, looping pit, furnish and install of embedded steel, and utility trenches. For this major T1 Supplier it was just another in a string of successes with Delta Industrial in the last decade. Complete industrial contracting relationships.

About Delta Industrial:

Delta Industrial is a “design-build” specialist, offering a variety of professional contracting services, including machine foundations, press pit foundations, slitting line foundations, general building maintenance & construction, concrete flatwork and steel fabrication & construction. With the diversity of construction knowledge that Delta brings to the job site, it quite simply **GUARANTEES** success in all facets of the project, regardless of the scope of work. From concept through design to finished product, Delta provides in-house services to accommodate all of your industrial contracting needs.
